A.1 Morning Drive - Vince Watson remix

Vince Watson remix gives a deeplifting drive with adding two splendid story lines which are transiting superbly. Yes it's surely a deep thing but who says it's not danceable?

A.2 Morning Drive - original mix

Probably the track which made Shirazi well known in the Rotterdam area . Morning Drive is sentimental track padded with, carefully selected chords.

B1. Illusion - original mix

Catchy bassline, brilliantly layered down with melodic patterns that provide a fine deep techno feel. As the minutes pass by, Illusion gets more and more hypnotic and powerful.

B2. Fluid Forms - original mix The main opening anthem of Shirazi' s highly demanded livesets

Digital Exclusive: **Bubble - original mix**

As the name states, the track consist of bubbled up synth rolls contrasted with a straight on beatline and traditional Detroit techno percussives.

Team Records#004 - Artist Information:

SHIRAZI

In the late 80's national radio's "Soul Show" drew Shirazi's (real name Amir Maani Shirazi) attention to electronic music. From the start of the house virus (early 90's) in the Netherlands he was fascinated by the music played by Dutch DJ Dimitri. In the mid 90s, he started producing his own music, which led to the release of 2 co-productions under the name "Fluid Illusion" on independent label Precious Records. A few years later all productions came to a standstill, but his love for electronic music never disappeared.

Shirazi restarted his production activities in 2006 and reached the final of Holland's biggest contest for bands/producers called "Grote Prijs van Nederland" in 2007. He won the audience prize in the dance/producer category with his live performance.

Shirazi's debut EP "Morning Drive" was released on *TEAMrecords* at the end of 2008 and includes a remix made by renowned dj/producer Vince Watson. Morning Drive EP is supported by Dave Clarke, Marshall Jefferson, Rulers of the Deep, Gel Abril, Roland Klinkenberg, Gayle San, Lady Aida and many more
